AVERAGES	**4%**	**84%**	

* In suburban/rural areas, landlord representation rates may be lower, but there is extremely limited data available for such areas at this time. Additionally, in some such jurisdictions landlords are permitted to be represented by experienced/trained nonlawyer agents in court.

** Where a jurisdiction has enacted a right to counsel, this chart includes pre-enactment statistics where available. This chart also does not include current statistics from jurisdictions where representation has recently been significantly increased but typically with temporary funding.
